<b>Professional Designations</b>	IT Architect - Data Management
<b>1. What is your number one reason for wanting to serve on the school board?</b>	Carmel School Board needs fair and transparent representative from the community. A fresh outlook to gain the trust of the Carmel Community. Unbiased leadership and coherent strategy is lacking in current decision makers at school board. The Board needs a receptive listener
<b>2. What role does policy play/have in the function of the board?</b>	The decision making authorities and the policies must be congenial and free from ambiguity. The school board needs diversity not conformity.
<b>3. What legislative action at the state level would you support to improve education in our community.</b>	Career and Technical Education Employability Skills Curriculum Workforce Funding and Programs School Safety
<b>4. What do you think is the biggest issue facing your district?</b>	Inconsistent Policies, difficult to approach, Too complacent

**5. If you were elected what one thing would you like to accomplish during your term?**

Approachable,  
collective opinion,  
conductive environment

**6. Do you or have you had children in the Carmel Clay school system?**

YES
